GateMaze

The maze that changes as you play! Welcome to the unique GateMaze. The objective for each maze is to get the Man from the Start to the Finish by pushing Gates aside. At first it appears impossible to solve because there is no clear path from Start to Finish. But when you push a gate aside, other gates are also moved, and a new set of possibilities is created. There are easy games, where only one or two gates need to be moved, and there are difficult games that require several gates to be moved. If you get stuck, you can Reset, Undo, or use the Show-Me-How function to help you get back on the right track. Of the 240 mazes, some must be completed in the order of difficulty, and others may be played in any order. At completion, a screen shows a comparison of the Mans move...

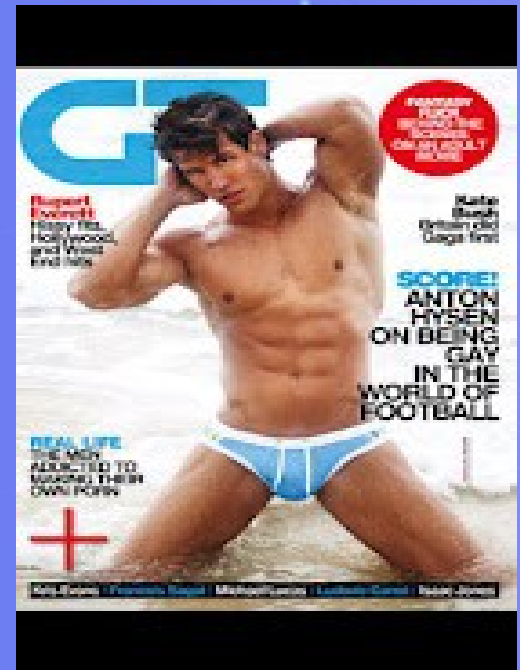

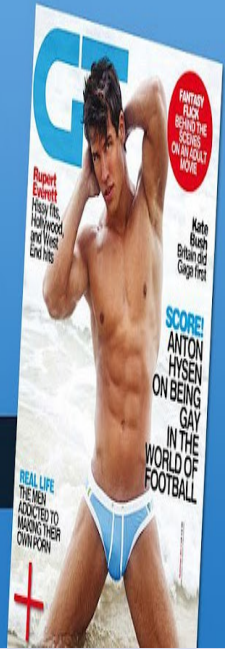

Gay Times Magazine

GT The original gay magazine Founded in 1984, Gay Times magazine is probably the longest established gay magazine in the world. We grew from a marriage of Him magazine and Gay News - which was the victim of the last successful blasphemy trial in the UK, in 1977. We have grown enormously from our political and campaigning roots, keeping these integral, but growing into an exciting gay men's lifestyle and current affairs magazine featuring style, interviews, comment, music and arts. The monthly mag is put together by a crack team in North London. We are the world's definitive gay magazine. Last year we had a bold redesign and re-brand and are moving through our third decade with a renewed sense of excitement. *The initial app purchase includes one issue of your choice. Further single is...
