System

ZGroup Mobile

Rush Evolution

Flowing from the massive repercussions from the "Kenjou" system hack in the original System Rush, the player is now in an authoritarian planet-wide "lock down".

The player resorts to a new form of experimental technology to shatter the 10 newly installed network "firewalls" and prove to the corrupt governments that the flow of information will never be halted.

The user is 'hardwired' into the system, effectively becoming a part of the network .

Screenshots:

WW2

ZGroup Mobile

The Africa Campaign

North Africa, 1941. The Axis have taken most of Western Europe, and now have their sights on the Suez Canal and the Middle Eastern oilfields. If they manage to break through North Africa, the allies will be starved of valuable oil, and this could turn the tide of World War II. In Noumena's latest game, WW2: The Africa Campaign, you get to follow three years of armoured battle in the North African desert. Take command of German Panzers, British Infantry tanks, and even the fearsome German 88mm Flak!

Screenshots:

Feeder is funny and addictive, and also, the simplicity of the keypad controls is perfectly adapted to the mobile phone. The simple gameplay is easy to learn but remains challenging.

X-feeder is funny and addictive, and also, the simplicity of the keypad controls is perfectly adapted to the mobile phone. The simple gameplay is easy to learn but remains challenging all through. Plenty of variations of game roles and feeds keep things interesting. X-feeder is essentially a test of your accuracy; it requires you to feed monkey, giraffe, pelican, cute dinosaur and many other roles with their foods quickly.
